

TRYING TO FORCE CHINA TO FIGHT

POWERS WANT AN OPPORTUNITY TO DIVIDE EMPIRE.

Demands Being Made Are Such That China Cannot Comply, No Matter How Willing—If More Moderate Councils Do Not Prevail, It Means a Long and Bloody War.

Washington, D. C., Nov. 23.—"Things are going to wreck and ruin in China," said a high official of the state department this morning. "It looks as though envoys are purposely trying to force China to fight so that opportunity will be afforded to divide the territory."

"The public demands being made are such that China cannot comply no matter how willing. The emperor is in the hands of General Tung Fuh Siang and Prince Tuan and any step that he might take to comply with the demands of the foreigners would cause his death."

"General Tung has an army of several hundred thousand and the question is how can the emperor decapitate such a man?"

"Unless more moderate councils prevail the emperor will be compelled to join in the prince's fight against the allied powers. That would mean the rising of the whole of China and a bloody war. The United States will use every power at its command to prevent this culmination."

A Waiting Policy.

Washington, D. C., Nov. 23.—The administration has adopted a waiting policy in the matter of the Chinese negotiations. No action has been taken upon Germany's proposal to make the execution of the responsible authors of the Boxer outrages a condition precedent to the continuance of the negotiations. Mr. Conger, in accordance with his instructions and notwithstanding his contrary view, will advocate at Peking that the powers adopt a demand which the Chinese government will be able to comply with. Washington, before going further, waits to see what the other powers will do.

To Follow American Policy.

London, Nov. 23.—Lord Lansdowne, the new secretary of foreign affairs, is developing a plan to break with the concert of the European powers in China and following the policy of the United States. He is convinced that the American idea in moderation furnishes only the rational basis for a settlement and has inaugurated negotiations for ally England's interests with the United States through Choate.

GOLD PRODUCTION ON THE INCREASE

World's Output for 1901 Will be the Largest Ever Known—Gain of \$2,000,000 Predicted.

Washington, Nov. 23.—"Nineteen hundred and one will be a golden year indeed," said the director of the United States mint, George E. Roberts today. "The first year of the twentieth century will show the greatest gold production the world has ever known."

"We estimate from data in our possession that the world's production next year will reach the enormous total of \$365,000,000—a million dollars a day of the yellow metal extracted from the bosom of our bountiful mother earth."

"Moreover the year 1900 will show that the United States is again at the head of all countries as a producer of gold. Our total next year will probably rise to \$44,000,000, eclipsing Australia and South Africa for the first time in several years."

"If there is anything in the quantitative theory, and if it be true that the volume of basic money the greater the prosperity of the people, then the world has nothing to worry about. There is not going to be a 'gold-famine' for some time at least. It looks more like overproduction."

DEDICATE TRINITY COLLEGE.

Institution at Washington for the Higher Education of Women.

Washington, D. C., Nov. 23.—Trinity college, the newly-founded Catholic institution for the higher education of women, was dedicated today with imposing ceremonies. Cardinal Gibbons and Mgr. Martinelli, the papal delegate, and other high dignitaries of the church conducted the service in the presence of a large assemblage, including prominent officials, many members of the diplomatic corps, and representative educators from various parts of the country.

TO MEET NEXT AT WAUKESHA

State Librarians Select That City for 1901 Convention.

Harrisburg, Pa., Nov. 23.—The National Association of State Librarians adjourned today to meet at Waukesha, Wis., in 1901. The following officers were elected: President, Dr. George E. Read, Pennsylvania; secretary and treasurer, Miss Maud Thayer, Illinois.

WILL RESTRICT THE BOYCOTT

State Federation of Labor to Amend Its Constitution.

Kewanee, Ill., Nov. 23.—The Illinois Federation of Labor is likely to restrict the boycott on employers and firms. Among the amendments to the constitution reported by the committee on laws is the following:

"The executive council shall prepare and present to the convention in printed form a concise statement of the details leading up to boycotts and no proposition looking to the endorsement of a boycott shall be considered by the convention except it has been so reported by the executive council."

Action on this amendment is expected today.

The federation in convention yesterday defeated a resolution to endorse Eugene Linxwiler for chief clerk of the state board of labor statistics. The official action was taken on application of the Decatur Trades assembly. It is intimated that the action of the convention is a strong hint to Gov. Tanner that he need not count on the endorsement of workmen in his candidacy for the United States senate.

Several other proposed amendments of political aspirants were killed by the resolution. One of these was from Chicago and asked for the endorsement of a veterinary surgeon for the position of chief veterinarian of the west park board.

Davis Slightly Worse.

St. Paul, Minn., Nov. 23.—Senator Davis' condition is slightly worse.

MEMORIAL IN THE FORM OF A SHAFT

Decision Reached in the Soldiers' Memorial Project by the Committee in Charge.

The committee appointed by the board of supervisors Nov. 5, 1899, to have charge of the erection of the monument to the memory of the soldiers and sailors of Rock county met this afternoon in the county clerk's office to take action on the erection of the same.

The matter was brought before the people at the last election and carried. The committee composed of C. E. Lee of Evansville, chairman; W. J. McIntyre, Janesville, S. E. Conant, Beloit, W. A. Mayhew, Clinton and W. P. Clarke of Milton met this afternoon to advise with the committee from the board of supervisors composed of Simon Smith of Beloit, Joel Morgan of Evansville and J. L. Bear of Janesville to decide on a suitable design which will have to be submitted to the board of supervisors for acceptance before the bids for its construction will be called for.

There has been considerable agitation to the form that the memorial hall should take. Many were in favor of a building that could be used as a memorial hall and a G. A. R. headquarters. The county board at its last session voted that the memorial should be in the form of a shaft and the design submitted by the committee will be in accordance with that vote.

FEW MORE CENSUS BULLETINS.

Increase in Population of West Virginia, Missouri and Mississippi.

Washington, D. C., Nov. 23.—The population of the state of West Virginia is 958,800, as against 762,794 in 1890. This is an increase of 196,006, or 25.6 per cent.

Mississippi has 1,551,270 people, as against 1,289,600 in 1890. This is an increase of 261,670, or 20.2 per cent.

The population of Missouri is 3,106,665 as against 2,697,184 in 1890. This is an increase of 427,481, or 15.9 per cent.

HAVOC BY A CYCLONE.

Colorado Springs Badly Damaged by Terrible Storm.

Colorado Springs, Col., Nov. 23.—The sun rose this morning on a city badly scared and wrecked, but not discouraged, by the most frightful ordeal in its history. The gale began to subside about midnight, when it was blowing at the rate of fifty or sixty miles an hour, and it has continued gradually to abate since that hour. Its highest velocity, as reported by the weather bureau at Colorado College, was eighty-five miles an hour. No loss of life has been reported. Edgar T. Esig, formerly state forestry commissioner, was caught under a falling pole on Tejon street, near the El Paso club, and pinioned to the ground. He has a fracture of a leg and internal injuries that, in view of his advanced age, probably will prove fatal. The damage is greatest in the business portion of the city. The El Paso National bank, Durkee building, Gidding block, opera house, high school, postoffice, Autler's lively stable, Colorado Springs Transfer company and Mining Exchange buildings, all in the center of the city, have roofs torn off or are badly damaged, and wreckage blockades the principal streets. Plate glass windows all over the city are shattered and the loss in these alone will amount to many thousands of dollars. From sections of the city outlying, reports have come of destruction of many small dwelling houses.

NOVEL PLAN FOR BUILDING SHIPS

LAKE BUILDERS TO MAKE OCEAN-GOING VESSELS.

Iron Steamers of Any Length to Be Built in Sections, and After Passing Through Canals in That Form, Be Coupled Together as a Complete Ship at Ocean Ports.

Duluth, Minn., Nov. 23.—Arrangements are now being completed for the wholesale building of ocean-going ships on the great lakes. The plans contemplate iron vessels of any length or tonnage that may be ordered. The only limitation being the width, which must of necessity not be greater than forty-three feet, the widest that the new Canadian canals will allow.

Six or seven large and completely equipped yards on the lake are in the scheme. The lake shipbuilders have now drawn plans for ships of from 350 to 650 feet in length, which they have submitted to ocean ship owners. They have also submitted their plans to the bureau of navigation and it has approved.

The idea is to build ships of a greater length than the present locks will carry, divide them into lengths, join them temporarily in the ship yard, run them down the great lakes and to Montreal, and then put them together. Orders for several are understood to be in the hands of American ship building companies. The first ships to be built will be 350 long, 43 feet beam, and 20 feet deep. The hulls will be built complete at the lake yards, with a bulkhead both sides of the center line. The space at the center between the bulkheads will be framed, but the plates will be bolted temporarily.

When completed these center plates will be taken off and the boat launched in two pieces. Then the rear part containing the machinery will hitch onto the forward part and one end will tow the other. It is the expectation of the lake builders that they can compete not only with the rest of the United States but with the foreign builders.

KRUGER SPEEDING TO CITY OF PARIS

Left Marseilles This Morning for Dijon—Makes a Little Speech Before Leaving.

Marseilles, Nov. 23.—Kruger left Marseilles on the nine twenty train today for Dijon where he will spend the night. He was accompanied by Leyds, Fischer, Von Hummel, Bloffs, Childers and others. Just before the train started Kruger appeared at the door of the carriage and made a short speech. "I thank the people of Marseilles for the hearty welcome they have given me. I expect to encounter equal enthusiastic sympathy in all the towns I pass through," he said.

Avignon, Nov. 23.—Kruger received an enthusiastic welcome as he passed through this morning. He made a speech in reply to an address of welcome read in behalf of the municipality.

Reported Loss to Boers.

London, Nov. 23.—A dispatch to the Central News from Cape Town says that the Boers lost 180 killed and wounded at Balmoral and Wildgeriver on November 19.

BLUE BOOK NEEDS BE TO REVISED

Robert M. Odell, the Milwaukee newspaper man who is to compile the blue book this winter, is receiving all kinds of advice about the work, some of it from the state press and some from men who have had experience in the work, but none as good as that offered by the man who says that the book is twice the size it should be simply because it contains a lot of rubbish that does not belong there.

If Mr. Odell would devote a little time to arranging an index to the contents of the book that will be of service to the person who is anxious to use the information he will have accomplished something that has not been accomplished by any of his predecessors in recent years. The Blue Book of Wisconsin is at present a cumbersome volume of pictures of public buildings and a lot of long-drawn-out historical matter that occupies the space intended for statistical facts that the members of the legislature and the public should have and that Mr. Odell is fully competent to present.

The book now contains too many outside matters, and none but the public printer will object to a reduction in the size of the volume. Maybe he will admit that the same information can be given in better shape, if less space is used and if the whole is properly indexed.

WISCONSIN TEAM CHALLENGED IOWA

POST SEASON GAME MAY BE PLAYED ABOUT DEC. 8.

All-Absorbing Topic in 'Varsity Circles at Madison Now Is, Will Iowa Accept? The Football Contest Tomorrow with Illinois Promises To Be a Good One.

Madison, Wis., Nov. 23.—Wisconsin has challenged Iowa to a post-season game, to be played on December 8 in Chicago either at Marshall Field or in the Coliseum. The all-absorbing topic with the management, team, students, and townspeople now is, Will Iowa accept? There never before has been such a general desire for a game as for this one. Not only is it felt that such a game would have a definite bearing on the western championship, but it would prove a financial blessing to both teams.

The Game Tomorrow.

Madison, Nov. 23.—What promises to be one of the greatest football games played in Madison since the famous Minnesota game of 1894, will be played Saturday, Nov. 24th, when the teams representing the University of Wisconsin and the University of Illinois come together for their annual struggle for supremacy.

Wisconsin by the record already made has established herself among the first three teams who can lay claim to the honor of being called the champions of the west, and is considered by many critics to be the best team ever representing a western university, not even excepting Chicago's champion team of '99.

Illinois though handicapped earlier in the season by illness and injuries among her players, has taken a decided brace within the past two weeks and realizing that to win from Wisconsin would again place her in the front rank is sparing no effort to get her men in shape to hold the husky Badgers to one or two touchdowns or perhaps win.

A one and a third rate has been granted by the C. & N. W. and C. M. & St. P. railroads from all points within a radius of seventy-five miles of Madison, including Milwaukee. One of the largest crowds of the season is expected. Great interest is being shown in the game in Beloit, Janesville, Milwaukee and other points and several hundred are expected from these places.

DAVID ANDERSON IS FOUND GUILTY

Old Soldier Who Killed Captain Pollock Last Summer Has Been Convicted.

Milwaukee, Nov. 23.—David Anderson, who shot and killed Captain Pollock at the Soldiers' Home last summer, was found guilty of man slaughter by the jury in the federal court. The jury held that Anderson was rational at the time that the deed was committed disposing of the plea of insanity. Notice was given of a motion for a new trial when the question of the jurisdiction of the court will be raised.

Mayor Rose has given the death blow to the bull fight as the carnival attraction. He said today: "The plan was never thought of seriously. I think that Joe Donnelly has been 'stringing' the boys. They seem to have taken it seriously and I see that it has attracted some attention. A bullfight would not be tolerated in this city. The fun we are going to have next summer is going to be legitimate and enlightened, in line with the community and with the age."

SAYS BRYAN IS STILL GREAT.

Senator Jones Talks of Party Leader and Party Prospects.

Little Rock, Ark., Nov. 23.—United States senator, James K. Jones, chairman of the democratic national committee, left last night for Washington, D. C. He said in an interview: "Mr. Bryan is a great man. Whether he will be a candidate for the presidency in the near future remains to be seen, but it is not probable that he will. It is more reasonable to presume that he would decline the nomination, even should it be offered to him."

"Reorganization? O, that's all nonsense. There's nothing in it and it will blow over in thirty days. It is precipitated by those who deserted the party and gave aid to the enemy, and does not represent the strength or the spirit of the genuine democracy. If there is to be a reorganization of the national committee or platform it cannot be done for the next four years or until the next national convention. As to the issues, they must depend largely upon the national and international developments of the next four years."

Funeral of Charles Hoyt.

Charlestown, N. H., Nov. 23.—Thousands viewed the remains of Charles Hoyt this morning as they lay in state in St. Luke's Episcopal church. This afternoon the body was laid to rest in the presence of mourners from all over the country.

SEEK TO RECLAIM DESERTS.

Delegates to Irrigation Congress Propose New Plans.

Chicago, Nov. 23.—A large audience filled the Auditorium theater and listened to the eloquent appeals of several of the most prominent citizens of the United States for the reclamation of the arid lands of the west and the preservation of the remaining forests of this country from the ax of the lumberman and the ravage of the forest fire. The meeting was under the auspices of the national irrigation congress, which is holding its ninth annual session in Central Music hall and the audience included representatives from nearly every state in the union, who are delegates to the national meeting. The object of the irrigation congress is to bring about governmental co-operation with individual landowners for the purpose of irrigating the desert lands of the western states and to regulate the cutting of the forest trees of the north and west in such a manner as to preserve them from the total destruction which is inevitable unless some step is soon taken to save them from the impending ruin. Vice-President-elect Theodore Roosevelt and General Nelson A. Miles, both of whom have been lending their aid to the members of the irrigation congress, were expected to be present at the big public meeting last night, but letters were received from them expressing their regrets that they could not be present, and containing their theories as to what should be done to accomplish the objects of the organization.

POPE LEO IS SAID TO BE NEAR DEATH

Stricken After a Visit to St. Peter's Yesterday—Grave Fears at the Vatican.

Rome, Nov. 23.—Grave concern was occasioned in ecclesiastical circles here today over the reports that the pope's illness, which recently had not given him any serious trouble, was again assuming an alarming stage. Leo felt so well yesterday that he visited the Basilica at St. Peter's, spending some time in the edifice.

The exertion, however, proved more than the aged pontiff could endure. He was so fatigued that he had to be taken to his bed after he had been assisted back to his apartments in the Vatican.

Subsequently reports from credible sources gained currency that the pope had two fainting spells and that he was revived with difficulty. It was said that he had passed a restless night and today was in a weak condition.

At no time in the past three years, at various times in which Pope Leo had acute attacks and been confined to his bed, has there been so much anxiety over his condition as now. Those who have seen Leo say that he is showing the infirmities of old age in a marked manner. His splendid constitution and the fact that he has not been afflicted with any acute maladies have aided him in bearing up. But he has drawn on nearly all of his reserve.

There is a fallacy, if not a tradition among the Catholics, that a pope, however aged or infirmed, cannot lose the use of his mental powers. The preservation of Leo XIII in life, healthfulness and activity has the general merit of teaching some homely lessons in hygiene.

KANSAS BANK MAKES A RECORD.

Gets Over \$100,000 in Deposits on the Day It Begins Business.

Topeka, Kan., Nov. 23.—A bank was opened at the village of Burns, in Butler county, yesterday morning and before 4 o'clock \$100,000 had been deposited in its vaults.

Farmers, stockmen and citizens came to the little town with their money in old tin cans, stockings and purses.

Bank Commissioner Breidenthal says it was the most remarkable occurrence in the history of a Kansas bank.

STILL MORE RUMORS OF THE CZAR'S DEATH

Another London Special Spreads the Report—News From Livadia Says He Is Better.

London, Nov. 23.—Dispatches today from Livadia say that the czar passed a good night and is slowly gaining strength.

New York, Nov. 23.—The stock ticker sends out a London special saying there is an unconfirmed rumor there that the czar is dead. The same report was current in Wall Street yesterday. Possibly it is true as the Russian censorship is steel clad and the Russian government will make the announcement only when it is satisfied no disastrous results will ensue.

New York Broker Assigns.

New York, Nov. 23.—Chester B. Lawrence, Jr., broker, with five branch offices in the city, assigned this morning. His offices are crowded with people asking for a settlement. His affairs are said to be in a tangled position.

CONGRESS TO GET VERY GOOD START

SOME IMPORTANT BILLS WILL BE READY FOR ACTION.

Canal Bill on the List—War Revenue Measure Can Be Repealed in Whole or Part Without Much Discussion on the Matter—Ship Subsidy Is in Doubt.

Washington, D. C., Nov. 23.—Legislation in the house is likely to have an excellent start this year, and the prospects are that considerable important work will be done before the Christmas holidays. The river and harbor committee will begin work next Monday and the military committee will start in the day after Thanksgiving.

It is proposed to have the river and harbor and the army organization bills ready to submit to the house during the first week of the session. The reapportionment under the new census will also be taken up before the holidays in all probability, and these three measures can easily be put through the house under special rules, so as to be ready for the senate immediately after the holidays vacation.

It is the hope of the republican leaders to get these three important bills into a position where they will be ahead of the appropriations and thus have the right of way. The Nicaragua bill comes up in the senate one week after the opening session and it is hoped to pass it before Christmas, although this is rather doubtful.

In any event, the canal bill will be sufficiently far advanced to prevent its being used to block either the apportionment, army, or river bills. All four of these important bills can be easily passed by March 4 if the republican leaders at both ends of the capitol really mean business.

The repeal of the whole or any portion of the war revenue act will take practically no time at all. The Ways and Means committee is making rapid progress and will have the repeal bill ready at the opening of the session.

MANY CANDIDATES FOR STATE JOBS

Three or Four Including Dr. Roberts of Janesville, Want To Be State Veterinarian.

Milwaukee, Nov. 23.—Senator Harris was in the city last night. While talking politics he said:

"There seem to be plenty of candidates for state veterinarian, though on the other hand I haven't heard much about possible appointments, to other positions. But for veterinarian, I understand that several persons are after the place. There is Dr. Pride of Oconomowoc, Dr. Roberts of Janesville, and Dr. Orr of New London, whom I remember at this time and then there are several others. F. F. Rodger of Waukesha is a candidate for oil inspector and believes he will get the appointment."

"President pro tem. of the senate? Why, there are several senators mentioned and all good men. It seems to be chiefly a question of who wants it. Senators Stout, Whitehead and Anson have been mentioned, and so has Senator McGillivray of Black River Falls."

WATERS DECLARED TO BE AN IMPOSTOR

Man Who Drew Pension Under Another's Name Sentenced to Prison at Milwaukee.

Milwaukee, Wis., Nov. 23.—Al Waters, aged 62 years, who has been posing as Atwell E. Yost, a veteran of the civil war for over fifteen years, was yesterday found guilty of defrauding the government by drawing Yost's pension, and was sentenced to a term of imprisonment.

Atwell E. Yost died in Baltimore over fifteen years ago, and yet on the stand today, notwithstanding the testimony of Yost's brother William, to the contrary, Waters persisted in the statement that he was Atwell E. Yost.

After being sentenced, however, the prisoner was taken to the marshal's office, and a confession came. The pretender is 62 years of age, hard of hearing, and a cripple, suffering from paralysis.

Waters was arrested in Springfield, Ill., he having for a number of years been an inmate of the Milwaukee Soldiers' Home and of the various homes throughout the country. He got into the home under the name of Yost, telling the story that his papers had been stolen from him in San Francisco. Then he applied for and secured a pension and got into trouble.

Found Guilty of Bribery.

Indianapolis, Ind., Nov. 23.—A jury in the criminal court this afternoon found Councilman Higgins guilty of soliciting a bribe from D. M. Parry, a local manufacturer. Under the Indiana law his sentence will be indeterminate, from two to fourteen years.

THE NEWS FROM COUNTY TOWNS

THE GAZETTE AGENCY

A special meeting of the board of trustees of Milton college was held Wednesday at which Prof. N. Wardner Williams, musical director in the University of Chicago, who is a member of the board, brought to the attention of the trustees some matters of interest for the betterment of the institution, which, after discussion, met with approval, and resolutions to carry them into effect were adopted and proper committees appointed to bring about the needed improvements. Hereafter the board will meet every other month.

Supt. H. C. Curtis and wife of Wau-pun were visitors in the village this week.

The railroad company put in a new electric crossing going at the Burdick crossing this week. It is a needed improvement over its predecessor as a noise producer when a strong battery is attached.

The G. A. R. and W. R. C. enjoyed a lunch and social at their hall on Wednesday evening.

Dr. Darwin E. Brown is now located for the practice of his profession at Laramie, Wyo.

Union Thanksgiving services will be held at the Seventh-day Baptist church next Thursday at 10:30 a. m. Rev. T. W. North, pastor of the M. E. church will preach the sermon.

The Milton fire department will meet in the high school building on next Tuesday evening to organize the department into companies. Every member should be in attendance.

J. W. Loofboro of Welton, Ia., is visiting Milton relatives.

Mrs. Dr. Crosley and Mrs. L. C. Burdick of Albion were in town on Friday.

Seigel, Cooper & Co. sell Milton creamery butter, shipments being made from here weekly.

Harley Green is confined to his room by illness.

Mrs. Birdie Skinner visited her mother, Mrs. C. B. Smith, Wednesday.

Dr. L. F. Bennett of Beloit was in town Wednesday and met a number of friends.

Mrs. Mary Alexander of Lima Center has been spending the week with her father, Jas. McEwan.

Mrs. C. V. Cutting is reported as a little better. Her daughter, Mrs. Bacon is here from Janesville to assist in caring for her.

Miss Mary Flavelle returned from Janesville Tuesday where she has been for some time taking care of her sister.

Moses Sayre was called to Welton, Ia., this week by the death of his mother. He returned Thursday.

BRODHEAD.

Brodhead, Wis., Nov. 23.—H. D. Kirkpatrick left on Monday for Washington, D. C., after a fortnight's visit here. Mrs. A. Green accompanied him to visit a sister there.

Messrs. E. M. Lyons, Dr. W. Stephenson, Henry Davis and Charles Atkinson returned last Saturday from the northern hunting trip. They report a fine time and bagged eight fine deer.

Miss Charlton entertained a number of her friends at a candy pull on Saturday evening.

Mr. and Mrs. Will Gunn of Chicago were Brodhead visitors here the forepart of the week.

Miss Lottie Bowen went to Milwaukee on Saturday for a short visit with her sister, Miss Katherine Bowen.

Mr. and Mrs. C. W. Carpenter left on Tuesday morning for a visit in Chicago.

Mr. Bert Gifford was down from Monroe and returned on Monday.

Mrs. W. T. Moldenhamer and daughter

Clara returned home after an extended visit with her son Arthur and family.

The last game of football for this season will be played at the driving park on Thanksgiving afternoon. Durand vs. Brodhead.

FULTON.

Fulton, Nov. 22.—Miss Mabel Pope spent Saturday and Sunday with her parents.

Mr. Martin spent part of last week in Beloit.

Bessie Green was home from Janesville over Sunday.

Harriet E. Lee entertained a few of her friends Saturday evening.

Mrs. G. S. Dodge is visiting her son, Chas. Dodge, at Two Rivers.

Mrs. Lee of Janesville has been spending the week with her son, H. W. Lee.

Mrs. James Kocher passed away Friday morning after a long illness. Funeral services were held at the house at 1 p. m. Saturday.

A. K. Wallin and Winnie Smart returned Tuesday from their deer hunt. They report good luck.

Notwithstanding the rainy night the 17th a large and appreciative audience listened to the Stephenson Quartette assisted by Mr. Amsbury, an impersonator. The house was filled and all felt doubly paid off being there. A new Story & Clark piano was furnished by E. D. Bliss of Milton, which added much to the pleasure of the evening.

STEBBINSVILLE.

Stebbinsville, Wis., Nov. 22.—Several of our people attended the concert at the Fulton church Saturday evening. They were all well pleased with the entertainment and speak very highly of the actors.

Jas. Spike, Jr., has rented his father's farm for a term of years and will move there next spring, when James, Sr., will live in Edgerton, where he has recently purchased a home.

Messrs. Farman & Wright are very busy with their corn shredder. Their shredder is quite a novelty as no one has lost a hand or even a finger in it thus far.

Chas. Garey has a 100-barrel tank placed near his wind mill and is putting in a nice system of water works for his stock.

A Heroid has moved his house one-half mile and is now located on the Edgerton road, where he intends to reside.

Chas. Searn, Jr., is making some decided improvements on his house by raising it higher and reshingling it.

The Atlesey wood sawing machine did some nice work for Chas. Adolphson on Friday by sawing enough wood to last about two years.

Mr. S. Hartzell has completed his basement stripping room. It is a large roomy basement and every tobacco raiser should have one as they will save the cost of the building in the assorting of one year's crop.

The cold rain last Sunday was the cause of a very small attendance at our church. We hope to have a larger crowd next Sunday to listen to the Rev. Martin of Fulton.

We are to have a new carrier on our F. R. D. route. Every one will miss Mont. Langworthy, who has resigned in favor of Millard Hain of Edgerton.

Sidney Watson, who has been on the sick list, is improving and we hope to see him well in a few days.

Considerable tobacco was taken down Monday and many farmers are busy getting it ready for market.

PORTER.

Porter, Nov. 22.—Miss Maggie Flarity of the town of Fulton, spent last week the guest of Mrs. Frank Boss.

Miss Mamie Kealy of Leyden was sewing here last week.

Miss Lizzie Collins has returned to her home in Janesville, having finished teaching the fall term of school in Eagle district.

Miss Emma Bates gave a six o'clock tea to a few of her friends on Thursday. It was greatly enjoyed by those who were fortunate enough to be present.

Miss Maggie Kennedy begins the winter term of school in Eagle district next Monday. While teaching she will make her home with Mr. and Mrs. Frank Boss.

The wet weather the first of the week enabled farmers to get their tobacco down.

Mr. John Condon is now reported convalescing.

Despite the stormy weather about forty couples attended the party in Porter Band hall on Friday evening.

WEST PORTER.

West Porter, Nov. 22.—Although the weather was very disagreeable, a number enjoyed a very pleasant time at the party at the Porter Band hall last Friday night. Leaver's orchestra furnished the music.

Mrs. Henry Sperry returned home last week from a visit with relatives in Indiana.

Mrs. Orlando Griffith has been visiting relatives in Minnesota.

Miss Dill Tolles spent Sunday with Mrs. Will Baldwin of Evansville.

Farmers in this vicinity are busy stripping tobacco now.

CLINTON.

Clinton, Nov. 22.—Last Friday evening Mr. and Mrs. George Irish gave a reception in honor of Mr. and Mrs. H. J. Napper, who had just returned from

WAS THE WHOLE SHOW.

Major J. B. Pond's Little Son Attracts Attention at National Encampment.

At the annual encampment held recently at Philadelphia the big parade was the attraction, and it was one of the grandest sights ever witnessed and one of the biggest parades ever held at any previous encampment. So said President McKinley and so said all. As the steady columns moved down the avenue the New York companies came in sight and chief among them from New York, was the Legion of Honor. There were not many of them but they presented a grand appearance, and when Major J. B. Pond came carrying the beautiful banner, while beside him, an exact miniature of the father, was the major's 10-year-old son, James Pond, better known as "Bim" and holding one of the tassels of the banner, a mighty shout went up from the vast throng that lined the streets. When they passed the reviewing stand and the little fellow saluted, he received a courtly bow from the president, all for himself. After he had passed far down the street the crowd still craned their necks to catch a glimpse of him, and when some time after he appeared directly across the street, having dropped out after passing the reviewing stand, he was immediately surrounded by the eager crowd who were anxious to speak to him or do something for him, especially the reporters. The little fellow seemed entirely unconscious of the great attention he was attracting and having dropped his soldierly air, stood munching an apple with true childish appreciation. "Bim," who is but ten and small for his age, is a handsome child and the pride and joy of the major's heart. Major J. B. Pond was at one time a resident of Appleton. He is now one of the best known lyceum bureau managers in this country.—Appleton Post.

Major Pond was also a resident of Janesville in an early day, and worked as a printer in the Gazette office. Prosperity, that has come to him in generous measure, has not caused him to forget old friends and old associations. He says in a private letter: "I love dear old Janesville for the happiness it has given me, I think after all the faculty of remembering that which is good, is about as delightful as any."

Major Pond has recently written a book on "Eccentricities of Genius," that is now ready for the market, which will be read with special interest by his old Janesville friends. A more extended notice will be given later.

Memorial Hall is What We Want.

Editor Gazette:—Back in 1870, the Soldiers' Monument association was formed in Milwaukee, its purpose, to raise funds for a soldiers' monument; \$900 was raised, and since that time contributions have been made until now they have \$2,524.50. So much was said in favor of a Memorial hall instead of a monument, that they have now decided to build such a hall, and a committee was appointed to ascertain the expense of such a building and to make plans. Why cannot we benefit by their work? A Memorial hall is what we need.

The Ladies' Industrial society are planning a Thanksgiving social to be held at the home of Mr. and Mrs. A. G. Clowes on Thursday evening, Nov. 29. An oyster supper will be served, and a cordial welcome is extended to all.

A company of sixty friends of Mr. and Mrs. F. R. Palmer walked in unannounced, Wednesday evening, in celebration of their twelfth wedding anniversary. In behalf of the company, Mr. 3. McFarlan presented the host and hostess with a handsome lamp, after which the guests adjourned to the Woodman hall, where the camp served an oyster supper. The evening passed very pleasantly with music and social chat.

Headache

Is often a warning that the liver is torpid or inactive. More serious troubles may follow. For a prompt, efficient cure of Headache and all liver troubles, take

Hood's Pills

While they rouse the liver, restore full, regular action of the bowels, they do not gripe or pain, do not irritate or inflame the internal organs, but have a positive tonic effect. 25c. at all druggists or by mail of C. I. Hood & Co., Lowell, Mass.

SPECIAL

Re-Building Sale.

On December 1st the new addition of 1900 square feet of floor space now in process of construction for us, will be ready for occupancy. The moving of stock into this new addition will mean much work and great risk of breaking of crockery, glassware, etc. Rather than move these goods we are going to offer them at special re-building sale prices.

These cuts in prices fall heaviest in our
Crockery, China, Lamps,
And House Furnishing Department.

On all our stock patterns we will give a reduction of 20 per cent from our regular low prices, this means a great saving to you, if you are anticipating buying a set of dishes before the holidays.

In our.....

FOREIGN PRODUCTS.

It looks very much as though the Belgian hare had come to stay. The country went wild a few years ago on German carp. The carp is domestic. Several families come to bless their home every year. They enjoy fairly good health and live to a good old age; they also wax large and strong and the supply is always equal to the demand. People have been known to catch carp and then swear. It is wicked to swear at a carp. He is not responsible for being here, and couldn't go back to Germany if he wanted to, because he has been disinherited.

The German knows a good thing when he sees it, he is also generous. He knew the carp possessed a good disposition and under favorable conditions would live and multiply. He said: "There are lots of Germans in America and they will be pleased to see a species of game fish from the fatherland." So in the generosity of his heart he robbed himself and sent over all the carp he had.

This was during the Cleveland free trade administration, when American pork was popular in Germany, and we traded pork for carp on a reciprocal basis. The German got the best of it because he could eat the pork and prevent its multiplying.

Bryan is not responsible for the German carp, although he has been charged with being in sympathy with the movement, and it is said that Croker has gone over to see if he can't persuade Germany to come and take their carp home on a basis of 32 to 1. Mr. Croker is honest when not under the influence of Tammany. If he succeeds in his mission it is thought that he will capture the German vote in 1904.

Adlai is not in on the scheme, he has discovered evidences of weakness in the south, and it is reported that he is now negotiating for the introduction of carp in southern waters, so as to hold the solid south for Bryan four years from now.

It is just possible that the scattered element of democracy can get together on German carp. They are a peaceable, good natured sort of a fish, with an open countenance that inspires confidence.

If Cleveland, and Waterson, and Schurtz, and Dickinson, and Altgeld, and Bryan, will organize a fishing party, and come over and sit on the bank of Rock river and catch a mess, it would be the occasion of a reunion that might result in harmony.

The good people of Janesville would appreciate the compliment, and arrangements will be made to hire the fair grounds and turn loose a few Belgian hares to add to the excitement of the chase. A game dinner will be served at the "Myers" that will be refreshing after a row diet.

The Belgian hare is no carp, he is however a lightning calculator in multiplication, and will give the carp several points, and then laugh at him.

He is imported into this country for a political purpose and will be the leading issue in the next campaign.

Mr. Bryan has been invited to write a book dedicated to Belgian hares and their significance as a political factor. He will doubtless consent, and it is suggested that the preface will read something like this:

"To whom it may concern, (meaning all wings and pin feathers of scattered democracy): Greeting: "This book is affectionately dedicated."

"We are here to remain, but we must have an issue. I look with a prophetic vision into a dim and uncertain future, and in four short years I see a prosperous nation idle, because prosperity has fled, and the king in the white house mourns in the ashes of a fallen empire."

"I look again and all over the land I see the well regulated soup houses doing a thriving business, protected by a great monopoly called a trust."

"But what is this that floats before my vision, skipping over the hills and through the valleys, thicker than the quails in Egypt?"

"Ah! It is the Belgian hare in all its primeval glory."

"And what is this that sparkles in every stream, and monopolizes all waters?"

"Ah! It is the German carp."

"I have it."

"We will go before the people on the manna in the desert issue and say to them 'Cease your worry and soup, never mind about work, the great 16 to 1 party will put you in a way to live in luxury without work'"

"Pitch your tents in the green fields, or beside the still waters, and you may have Belgian hare and German carp three times a day for the next four years without money and without price."

The American government shows its humanity in denouncing the proposed beheading of the eleven Chinese princes by the allied powers. The car-

pet bag population of China has been altogether too pronounced, including the missionary crusade carried on by several churches. If America would exercise a little more common sense she would transfer her field of operation from China to the Pacific coast. If a Chinaman can't be Christianized and civilized on American soil, he certainly can't be in his native lair.

THE STANDING ARMY.

"In times of peace prepare for war," is an old, but very true saying, and is a maxim that the United States can well afford to observe.

It will be remembered that the country was hampered and badly embarrassed, at the breaking out of the war with Spain, because the army was so inefficient in numerical strength. To be sure we put in the field in short order a respectable force, gathered from the ranks of volunteers and the national guard. All men of inexperience, and lacking the training and discipline so necessary to endurance and the most effective service. It was fortunate for many of them that the war was of short duration, and that a majority of them were not obliged to leave the country, not that they lacked patriotism and courage, for these qualities they possessed in a large degree.

The president should be given a standing army of 100,000 men if he desires it, and General Miles and his colleagues should not be permitted to interfere. With a population of 76,000,000, a standing army of 100,000 is not large. The dignity of the nation should be preserved, and a small, well equipped army HTHTMTMTHT well equipped American army and navy, commands large respect.

All of the war correspondents have been ordered out of South Africa, on the plea that the English General Kitchener has a lot of dirty work to do in exterminating the Boers, and the less said about it the better. England will discover that the Weyler tactics pursued in Cuba will not be countenanced in her new possessions.

The short session of congress promises to be a busy one, yet it is not likely that very much important legislation will result. Responsibility will be left largely to the newly elected body, which does not convene until December, 1901.

The basis of representation will probably be changed to 198,000. This will preserve the present number of congressmen, without working serious injustice to any state.

Among the newly discovered resources of China is an anthracite coal bed, estimated to yield 650,000,000 tons. War is a great discoverer, as well as a great civilizer.

INSPECTED THE NEW WAREHOUSE

Mr. A. Sylvester of the firm of Sylvester & Sons of New York, who have erected the large brick tobacco warehouse at the corner of Academy and West Bluff streets has been in the city for the past few days as the guest of H. S. McGiffin of Edgerton, their western agent.

Mr. Sylvester was here for the purpose of inspecting the new warehouse. He has not been in the city since the lot was purchased last spring and had not inspected the building before.

He was well pleased with the new structure and considers it one of the most complete warehouses in Southern Wisconsin.

Funeral of Maurice Stack.
All that was mortal of the late Maurice Stack was tenderly laid at rest this morning in Mount Olivet cemetery the funeral services being held from St. Patrick's church at 9:30 o'clock and were unusually impressive. St. Patrick's T. A. and B. society attended in a body and a large number of friends were also present. Many beautiful floral offerings were sent by surviving relatives and friends.

The pall bearers were James Dee, Michael Mulcahey, Edward Courtney, Michael Forey, Bernard Dugan and James Burke.

Clubs a Man with Umbrella.
Toledo, O., Nov. 23.—Mrs. Frederick Williams, a prominent widow of Ash-tabula, O., fogged George Close, a well-known man of Painesville, in Huron street here to-day most unmercifully. She knocked him into the mud and then used an umbrella upon him until she wore it out. She had come here in search of the man, and her young daughter, Ida, a pretty brunette, who she says had been induced by the man to clope with him. They had been absent two days. The girl was very penitent and said she never wanted to see Close again.

Engine Falls from a Trestle.
Kansas City, Mo., Nov. 23.—At Rosedale, Kas., a suburb of this city, today, a Kansas City, Fort Scott & Memphis switch engine left the track on a trestle, and, falling thirty feet to the bottom of the ravine, exploded. Four men in the cab of the engine at the time were painfully hurt. They are: John Egan, engineer; will die. James Fitzpatrick, foreman of switching crew. John Blankenship, fireman. Peter Jensen, switchman. The last three were seriously but not fatally injured.

'Steal \$5,000 from a Bank Safe.
Guthrie, O. T., Nov. 23.—Robbers blew open the safe of the farmers' bank at Orlando with nitroglycerin and secured more than \$5,000.

DISTINCT SHOCK TO LOCAL Y. M. C. A.

The Chicago Chronicle this morning published the following Janesville dispatch.

Janesville, Wis., Nov. 22.—Because Janesville residents failed to throw open their houses to certain delegates to the state Y. M. C. A. convention about one-half of the three hundred representatives will be forced to patronize hotels or sleep on the floor of the Y. M. C. A. building tonight. This is a distinct shock to those who counted on the hospitality of the Christian citizens of the city.

MR. LADON LEAVES WITH CLEAN RECORD

The inference which was conveyed in the heading on the article regarding the closing up of the Chicago Cloak and Fur House, which appeared in last evening's Gazette, was to the effect that the concern had failed. This is misleading, as the proprietor, Mr. N. Ladon, simply brought the business to a close, on account of poor business, and an unfavorable season. Mr. Ladon leaves the city with every debt he owed paid, and a clean record.

WAS A PLEASANT SOCIAL EVENT

Seventy-five lady friends were pleasantly entertained last evening at the spacious home of Mrs. V. T. Vankirk. The hostesses of the evening were Mrs. W. T. Vankirk and Mrs. W. C. Vankirk. The parlors were handsomely decorated with chrysanthemums and these taken with the handsome gowns of the ladies presented a pretty picture. Dainty refreshments were served and highly enjoyed. The balance of the evening was spent in playing progressive euchre. At a late hour in the evening the ladies departed well pleased with their evening's entertainment.

A CLEAN LOT OF YOUNG FELLOWS

Evidences of Bath and Physical Training of Y. M. C. A. Delegates.

REPORTS ARE ALL GOOD

Evidences of Prosperity and Growth of the Association In This State.

THE PROCEEDINGS IN DETAIL

It may be a matter of wonder to many why so much stress is made on the question of the bathroom in the average Y. M. C. A. equipment. Looking at the delegates the question is answered. At least 75 per cent. are smooth faced young men and little more than boys. Not all people are born with good complexions and no amount of washing will make the skin clear, but keeping clean is a long step in the right direction and the delegates make this step plain. They are to a man clean and wholesome looking, with clear eyes, thick hair and a general air of health of mind and body.

In the absence of President Ruger Vice President Mielenz presided at this morning's session of the Y. M. C. A. convention. After the opening devotions, reports from the secretaries throughout the state were received and all showed an increase of membership.

Reports From the State.
Ashland reported fifty per cent. increase of membership and more activity in the gymnasium. The association is on a cash basis. Baraboo reported statistically and satisfactorily. Burlington has maintained rooms for three years and makes a specialty of the reading room.

Clinton, with a population of 1,000, is maintaining reading and game rooms. In this year it has given ten entertainments and a banquet.

At Green Bay a physical director is employed and the interest is growing. Kaukauna maintains two rooms with bath and toilet. Attendance has doubled in the past year. Kenosha will soon open a new \$25,000 building, one of the finest in the state. Y. M. C. A. work is badly needed to combat the influence of fifty-five saloons in a population of 14,000.

Last year's work at La Crosse was satisfactory. Instruction in the English branches and mechanical drawing was made a specialty.

Madison and Lake Geneva.
At Lake Geneva there is practically \$17,000 worth of Y. M. C. A. property, but no association. Madison has 227 members. Last year's expenses were \$1,100 and were raised with but little trouble.

Milwaukee boasts 770 members and 150 juniors. Last year's expenses were \$10,200, all paid up. The Milwaukee Railroad department maintains an open building day and night and is square with the world.

Oshkosh has 387 members and has lately remodeled its building at a cost of \$1,100.

The Racine association was organized twenty-five years ago. It claims 430 members and is planning to work among the working boys.

Beloit College Society.

The Stoughton association is rather weak and keeps a reading room with the aid of the W. C. T. U. It enjoys a small city appropriation. Waukegan's junior department numbers sixty with a total membership of 239. Wausau has engaged a physical director and good work is in sight. Beloit college association has added this year twenty-five new members.

Carroll college has an association membership of thirty-five. The work at Lawrence university is progressing favorably. It was the first association organized in the international committee.

Ripon college has thirty-five Y. M. C. A. members and makes a specialty of practical help to new students. Whitewater normal shows twenty-one members. A brief verbal report covered Beloit college. Antigo has just opened rooms for railroad men.

Talks on Boys' Camps.

At Brodhead the seed has been planted but the first crop not yet harvested. The fifteen minutes following were occupied by talks on boys' camps by Messrs. Mielenz and Willis. The latter gave a day's program which solved a big question.

Committees Appointed.
Committees appointed were as follows:

Recommendations—F. D. Hopkins, Racine; C. F. Jacobson, Ashland; J. W. Adams, Kenosha.

Credentials—P. W. Gibson, Waukegan; Clifford Russell, Milwaukee; A. D. Mortenson, Racine.

Business—Neil Campbell, Wausau; L. L. Olds, Clinton; G. H. Timmings, Clinton.

Resolutions—G. S. Phelps, Madison; C. G. Goodsell, Marinette; Guy Goodsell, Appleton.

G. H. Timmings of La Crosse filed up a quarter of an hour with an urgent appeal for a stronger evangelistic spirit in the association. He felt that this element was somewhat lacking in the railroad work and almost entirely in the gymnasium. He held that it should be made the prominent feature in each department. The session closed with Bible study, led by Dr. H. A. Gregg, Chicago. He devoted the time to the discussion of the four gospels and made a brilliant exposition of the same.

ing in the railroad work and almost entirely in the gymnasium. He held that it should be made the prominent feature in each department. The session closed with Bible study, led by Dr. H. A. Gregg, Chicago. He devoted the time to the discussion of the four gospels and made a brilliant exposition of the same.

SOCIAL LIFE OF YOUNG MEN.

Y. M. C. A. Convention Discusses That Phase This Afternoon.

The convention concerned itself this afternoon with the opportunity of the Wisconsin Associations as applied to the social life of young men, to their general education, their physical culture, and as a spiritual force, each with a special advocate.

The social side was handled by F. W. Smith of Bellevue, O. "The most silent and subtle force in the world is manner," said Mr. Smith. "The gentleman has a style all his own, inimitable and indescribable." The keynote of his talk was cheerfulness and devotion to the cause of the young men to the knowledge of Jesus Christ. Jno. W. Adams followed with a short argument for more educational effort to be made in the local associations. S. M. Crawford dealt with education from the physical standpoint and F. B. Smith of New York treated of the Y. M. C. A. work as a spiritual lever. These interesting fifteen minute talks consumed the time up to 3:30, when Dr. Gregg assumed the leadership as expounder of the Scriptures.

SESSION OF LAST EVENING.

Senator John M. Whitehead and Others Address the Delegates.

Last evening's session of the Y. M. C. A. opened with music led by C. B. Willis and backed by the orchestra, which was followed by scriptural quotations by the delegates and brief prayers from whomsoever the spirit so moved. The report of the nominating committee which met in the afternoon, was presented as follows:

President—Edward Ruger, Janesville.

Vice President—A. E. Mielenz, Milwaukee.

Secretary—Charles Puhler, Kaukauna.

Assistant Secretary—David Thomas, Carroll College.

It was moved and seconded that the report be accepted and the election was made unanimous.

President Ruger was escorted to the platform and presided during the rest of the evening. The newly elected secretary also entered at once upon the duties of the office.

Senator A. M. Whitehead was then presented to the convention and spoke on the theme, "The Power of the Man." He said in effect that if the audience expected him to deliver a lengthy and labored eulogy on some great man who had won a permanent place for himself or a temporary one in the human affections they would be disappointed. Jesus Christ in whose name the Y. M. C. A. was founded and under whose guidance it worked, was the only one who could specifically meet the requirements of the theme. The human side of Christianity's founder was what he referred to. It was through human eyes that he looked upon the sorrows of a sorrow laden world.

He lifted human hands to bless the afflicted and his death on the cross was the death of a human being. But the thought he desired to leave with the convention was that each member would be influenced by some one man, perhaps the singer, possibly some speaker, or maybe an inconspicuous delegate whose hand he took in fraternal good fellowship.

But he felt convinced that for each person present there was a specific message from some person, perhaps unconsciously delivered, but none the less valuable and none the less to be regarded as a message from on high. It was for this purpose among others that the Y. M. C. A. convention was held—to go on from small beginnings until the whole lump was leavened to the permanent rebuilding of the race.

E. L. Hamilton, secretary of the Railroad Department of the Y. M. C. A. International Committee, spoke on "Growth, Present Activity and the Future Possibility." He stated that at 157 points on sixty-five railroads in the United States and Canada that the Y. M. C. A. had been established.

The railroad movement was started twenty-eight years ago by one man in Cleveland and now 40,000 railroad men were financially interested. Hard-headed railroad owners, superintendents, etc., had been won over to acknowledge the practical value of having their employees surrounded by moral influences. It provided against many otherwise unavoidable influences, improved the service and had a money value, hence their co-operation. He referred to the recent international R. R. conference at Philadelphia and called on some of the gentlemen in the audience, who had attended the conference to speak briefly on what had most interested them.

Of those who spoke were Secretary Puhler and Messrs. Croninger, Weidensalt, Mayne and Smith.

Another Mr. Smith was called upon for supplementary remarks. He had a slight impediment in his speech but he made the hit of the evening and was wilyly applauded. Each speaker occupied about seven minutes.

A prayer by Rev. Hall concluded the session.

Mr. and Mrs. William Ward are enjoying a visit from their daughter, Mrs. William Dunn.

EXPECTS TO MAKE MODEL DAIRY FARM

P. Rudolph Will Improve the Henry Tarrant Place in the Town of La Prairie.

P. Rudolph, the wholesale tobacco dealer will soon have one of the finest dairy farms in this part of the state.

Some time ago he purchased the Henry Tarrant farm of 312 acres in the town of La Prairie and the stock on it at the time that the deal was closed. The price paid for the farm and stock was in the neighborhood of twenty-eight thousand dollars.

It is the aim of Mr. Rudolph to make this farm one of the model dairy farms of the state and since purchasing he has expended about ten thousand dollars in improvements.

A model creamery has been erected and two large silos. Also a large stock barn which has all the latest ideas for the proper care of cattle and large feeding sheds.

The farm contains the 312 acres all in one piece with the exception of one corner which is crossed by the Chicago & Northwestern railroad.

The soil is rich with no waste land and is an ideal farm for the purpose that Mr. Rudolph bought it for. He has been very successful in the tobacco business and has faith in Rock county farms as an investment if properly handled.

CAME NEAR DYING IN HOTEL ROOM

Horseman Gets a Dose of Illuminating Gas at Hotel London Last Night.

A man in the employ of Mr. Pease, a horseman from Colorado, had a narrow escape from death by asphyxiation at the Hotel London last night.

Mr. Pease and his man arrived here yesterday and went to the Hotel London. They had been on the road for several days and had had not rest so the man thought that he would go to bed and get some sleep. It was sometime after five o'clock when he went to his room yesterday afternoon and that was the last seen of him until his room was opened this morning.

About a quarter after seven the young man employed about the hotel went up on the third floor to call one of the boarders and was attracted to the room of the young man from Colorado by the strong smell of gas. He at once called Mr. Fred Jones, the proprietor, and the door of the room was opened. The man was lying on the bed unconscious, but soon rallied under the care of Dr. W. H. Judd who had been called as soon as it was discovered that the man was overcome with the gas.

It is thought by those who were first in the room that the gas had not been turned on for any length of time. The transom of the room was also open and that furnished fresh air from the hall and kept the man from being overcome as soon as he would have it been closed and the fresh air kept out.

The man himself did not seem to remember a thing about how or when he turned out the gas, but it is thought that he got up at some during the night and lighted the gas and after he had turned it out turned it on again and being very tired went to sleep immediately and did not notice the smell of escaping gas.

Lyman Wilbur, who is employed at the hotel went to his rooms directly opposite to the one occupied by the horseman about half past six this morning and at that time he detected a slight smell of gas, but thought it came from the burner in the hall. He thinks that at that time the gas could not have been turned on very long or he would have noticed it.

The man came down stairs this morning about 10:30 o'clock and aside from being a little muddled as to what happened felt no bad effects from his experience.

IS AFTER THE WHITE CAPS.

Georgia Governor Offers Reward for Their Capture.

NEGROES ARE IN A PANIC.

Many Are Fleeing from Their Homes in Search of Places of Safety—One Arrest Made—Fourteen Warrants Are Sworn Out.

Atlanta, Ga., Nov. 23.—Governor Candler has offered a reward of \$100 for the apprehension of the white caps who have for two months been terrorizing four counties immediately south of Atlanta. Within the last week the long-standing trouble has reached a climax, and now the most intense excitement reigns over a wide section of Georgia, down where Clayton, Fayette, Henry and Spalding counties come to a corner. Whole families of negroes are fleeing panic-stricken from their homes, seeking some place of safety. Some of them are coming here, while others are stopping in Clayton county between Atlanta and Jonesboro. Already one well known white man has been arrested and bound under two bails, one a \$1,000 bond to keep the peace and the other a \$250 bond for assault with intent to murder. Warrants are out for fourteen other farmers, who are accused of complicity in the whippings. Richard Crawford, a planter who owns 1,000 acres of land right in the midst of the territory now run over by whitecaps, has added \$50 to the reward offered by the Governor.

Origin of the Trouble.
The trouble originated on Mr. Crawford's place. About two months ago some negroes of the name of Strickland were whipped and warned to leave the neighborhood. The whipping party was a large one, made up of men well known in the community, many of whom will have to appear before the next grand jury. Mr. Crawford openly expressed his disapproval of the whipping, and soon after one of his negroes, Joshua Goodson, received a letter full of vile threats and abuse, and containing a warning that if he and the other negroes on Mr. Crawford's place did not leave in twenty-four hours there would be trouble. Mr. Crawford promised to protect the negroes, and he at once persuaded Governor Candler to issue the offer of a reward. This action did not stop the whipping outrages, for almost immediately after it was offered negroes were whipped on the plantations of Green Wesley and Ben and Absalom Ogletree. In all, six negroes were severely beaten by the regulators.

Negroes Are Fleeing.
Mr. Crawford accused a neighbor of having a part in the whippings and this intensified the trouble. The neighbor took his gun and, strolling over to see Crawford, made known his intention of doing serious damage. Neighbors who were present prevented bloodshed, and the belligerent visitor was arrested and put under a \$1,000 peace bond and a bond of \$250 for assault with intent to kill. Today the news from the white-cap section is that nearly every negro has fled or is preparing to get away as quickly as possible. Eleven families of negroes moved away in one bunch. The negroes all say that they found notices posted on their doors telling them to leave inside of twenty-four hours. It is already practically impossible to get farm hands in that section, as all the laborers are demoralized. There is some talk of organizing a committee of white men to protect the negroes who have been guilty of no offense. The officers of the law say, however, that this will not be necessary, as they will be able to handle the situation.

Law Is After Colorado Mob.
Denver, Col., Nov. 23.—District Attorney McAllister of Colorado Springs has ordered Sheriff Freeman of Lincoln county to proceed against the members of the mob who burned Preston Porter at the stake last week. The order was issued after correspondence with Gov. Thomas. Just how the grand jury will be chosen has not yet been decided. Mr. McAllister says it will be composed of men who will do their duty at all hazards. The governor insists on a prosecution.

Boers Badly Defeated.
Bloemfontein, Nov. 23.—The Boers, under Brand, were defeated Nov. 18 at Baderspan, with heavy losses, the lancers charging through the flying Boer line and doing deadly damage, as a number of ruerless horses demonstrated. Brand himself was wounded. The British casualties were not serious.

Maseru, Basutoland, Nov. 23.—Natives report that ex-President Steyn and Gen. Dewet, with 1,000 men, traversed the British lines between Alexandria and Warrington store and attacked a British post, subsequently retreating by the road to Dewetsdorp in Orange River Colony.

Ends Delancey with Poison.
New York, Nov. 23.—An overdose of morphine, taken to relieve suffering caused by an over-indulgence in liquor, to-day ended the life of Dr. Robert Acton, a physician and a football player on the Harvard team in 1893. He died in the Presbyterian hospital. He was born in Ireland and graduated from Harvard a year ago.

Andrew Crawford Is Dead.
Chicago, Nov. 23.—Andrew Crawford, who during the last twenty years has represented J. P. Morgan & Co., of New York, and Drexel & Co., in Chicago, died yesterday.

H. L. McNAMARA,

The Munsing Underwear

is popular with all men who care to be neatly and comfortably dressed.

The fact that men who have once worn the Munsing Union Suits will buy no other kind

is evidence of merit and accounts for the constantly increasing demand.

Why pay fancy prices when you can get the best for the following reasonable prices?

Men's Union Suits retail at

\$1.50 to \$5.

We can furnish any kind. Comfort, durability, appearance and price are points to be considered in buying Underwear. In all of these particulars the Munsing invites comparison. The satisfaction

of being well dressed is never experienced until Underwear is worn that fits the form like a glove, yielding readily to every motion of the body, yet always remaining in place. Buy this make of Underwear and be satisfied.

CREEK KILLS STAGE OCCUPANT

Vehicle Is Overturned in the Los Puchos Near Santa Barbara.

Santa Barbara, Cal., Nov. 23.—By the upsetting of a Coast line stage in Los Puchos creek today S. W. Parker of Ventura was drowned and four other passengers narrowly escaped a similar fate. The stage, which runs between this place and Lompoc, while crossing the creek, which is eighteen miles from here, was caught in the current. One of the horses lost its footing and the stage was overturned and carried down stream.

The passengers were taken to the homes of residents near by and cared for during the night. Parker's body has not been recovered.

AN IMPORTANT CHANGE.

A Large Company's Branch in Janesville.

N. B. Robinson & Co. having decided to go out of the wholesale beer business, the Blatz Brewing Co. of Milwaukee, has established a Janesville branch with offices at No. 16 East Milwaukee street, room 12, and will hereafter represent its own interests in this city. Messrs. E. Boots and Henry Casey, gentlemen who are well and favorably known about the city, have been retained by the Blatz Company, and it will be their aim to promptly fill all orders sent to the above address, or telephoned to "675 Rock Co." or "447 Wisconsin Co."

Comment regarding this company's products seems unnecessary at this time, as the Blatz brews are held in highest regard by beer drinkers everywhere.

The Corn Crop.

From what we learn through conversation with farmers, and as the result of observation, we believe Rock county has one of the finest crops of corn ever produced within her borders. The average yield is very large, as evidenced by the manner in which the shocks cover the fields. It looks as if the average in corn was considerably larger than usual, which we attribute to the increased attention being given to the dairying and stock feeding.

Farmers are giving more attention to the corn crops every year, not only to its cultivation, but along the lines of the utilization of all parts of the plant. The silo, corn shredder and husker prepare the stalk into shreds which intermixed with the path and blades, makes a desirable feed for the stock.

Paper from Cottonseed Hulls.

Atlanta, Ga., Nov. 23.—Plans have been consummated at Atlanta for the erection of ten plants to manufacture common cottonseed hulls into paper of different grades. Robert Thomas, a New York paper expert now here, says the scheme is being backed by a corporation with \$5,000,000 capital. The factories will be scattered throughout the cotton belt from Texas to North Carolina.

You know the Price is right

Now, What About the Shoes??

If you wear them you know they're right, too—if you don't—just try a pair and see—we handle the best \$3.00 shoe in America—we should like to have you try a pair and disprove the statement—if you can. Your money back if not entirely satisfactory.

Try Our Teas...

You'll make a discovery, if you do. One that will result in less tea buying, too. You'll admire the pure, tea taste, first. Will wonder what sort of stuff the other was, anyway. Then you'll notice that it doesn't take nearly as much of our Tea to make a good cup as it did of the other. Finally the price is lower than you've been paying for poor tea. Will sell you the best tea you ever drank.
